Sedgwick County outdoor warning sirens are tested every Monday at Noon, except Holidays and when threatening weather is present. Today we will be testing the Alert mode, for one minute. The Alert Mode is a steady tone used for Tornado warning, The Attack Mode is a classic rise and fall sound used for Air Attack Warning in times of war. Outdoor warning sirens are designed to be an early warning device primarily for persons who are outside away from the television and or radio. Remember, when the outdoor warning sirens sound, Take cover, Tune in to local media, Take action. This is due to the raw water pump station being underwater. Any water in the system will soon be depleted. We ask that our customers please understand and be patient while repairs and replacement of equipment can be initiated. In order for this to happen, the flood waters must recede so that crews can mobilize at the site. This will be a process that take time and personal safety must be a priority so water service is restored. This includes these cities fed by the City of Morganton Water system including Burke County, Brentwood Water, Town of Drexel and the Lake James Communities. We will be making updates as they become available. We are working closely with Emergency Management during this crisis.
